- Each match will have best of three sets (11 points each); whoever wins two sets qualifies for the next round.

- During a game, players switch serves after every 2 points. Once a tiebreaker is required, players must switch serve after every point.

- If players tie at 11, a tiebreaker sequence begins wherein players alternate serve after each point until one player has gained a lead of 2 points. For example, a set that is tied 11 to 11 would not end if one player scored to make it 12 to 11. It would only end if that player scored again, winning the game by 2 points for a final score of 13 to 11.

- A set will end if a player wins the first two games, giving him a 2-0 scoreline.

- Group Stage scoring:

  b. Loss = 0 Points

- In the event of 2 or more players on the same points tally at the end of the group stages, the winner will be decided by:
